

Texas – Industrial Hygienist-CIH

EMR, Inc. provides construction management and environmental assessment-remediation, engineering, and industrial hygiene services to private and government clients nationwide. Founded in 1988, EMR, Inc. operates nine regional offices around the country. With a professional and technical staff of over 140, we offer expertise in construction services including remodels and demolitions, environmental investigation, design and remediation, regulatory compliance, permitting, ESA, risk assessments, industrial hygiene (asbestos, lead based paint, mold), natural and cultural resources, and WWTP design and operations.

EMR, Inc. has Industrial Hygiene (Air-Monitoring) positions open covering TX, LA, OK, and NM. Along with Construction Management services, including remodels and demolition, job duties will include asbestos abatement project management and air monitoring. We are seeking experienced individuals with AHERA training and NIOSH 582 certifications preferred.

Requirements: Minimum of two years experience in construction or environmental field. AHERA and state of Texas asbestos licenses and certifications. Experience and certification as a Texas Individual Asbestos Consultant. College degree plus asbestos training or specialized environmental and construction training. Must be available for frequent travel.

Apply by obtaining an application at the EMR, Inc. web site (<http://www.emr-inc.com>) and forwarding application/resume per instructions at the web site.

Pre-employment background check and drug screen are required.

EMR, Inc. is an EEO/AA employer, and encourages applications from all qualified candidates.
